

ISBE K-12 AT/AAC ASSESSMENTS

Illinois Assistive Technology Program

Free AAC/AT Evaluations

IATP provides free AT/AAC assessments to students with an IEP or a 504 plan in place. All districts are served throughout the state of Illinois. Requests are made by the school through our website www.iltech.org/repository/k12assessments and scheduled in the order in which they are received. Included in the process are trainings on AT recommendations, coordination for trainings with AAC vendors, and free five-week trials of devices and programs through our device loan program www.iltech.org/repository/deviceloan

Staff Professionals

Marguerite Simon, CCC-SLP
Lindsey Chandler CCC-SLP
Alison Ritter CCC-SLP
Mark McCabe ATP
